Full Control

PIC Dedicated

Warehouse

Goods shipped are not goods that fall into the flammable and fast expired

The price given is included with the cost of Manpower, Handling In Out and Delivery of Stock Goods to the LDP point

Provide Free Space warehouse at least 1 M x 1 M x 1 M / 1 Pallet Position

Delivery of Stock to each warehouse with a maximum distance of 2 weeks

Typical items that are placed in warehouses are fast moving goods, (fast turnaround), it is hoped that within 2 weeks the goods will be out of stock / minimal stock on the pallet

If more than 2 weeks the stock of goods does not move, there will be a warehouse rental charge of 25,000/cbm/week

In town, cut off order at 10.30 with Same Day Delivery service (H 0)

Outside the City Cut off orders at 13.30 for Express service (H 1-2 Days) / Regular (H 2-3 Days)

Leadtime Faster than delivery from Jakarta / Surabaya

The price is cheaper because the goods are already located in each branch

Goods must be insured
